

you're invited! 2010

to change the world.

Are you in? 

XEE teaches Jesus followers how to tell the story of the Gospel within the context of relationships.

With XEE, you will:

- Utilize DVD based, discussion-oriented teaching methods rather than lecture.
- Develop creative ways of implementing the tool within the existing framework of your ministry.
- Learn modular, story-driven "Entry Points" that lead into deeper dialogue about Jesus.
- Train others to train others to train others!

XEE is equipping the next generation church to be relational *and* intentional.

"Hey! Just wanted to let you know that I've already used what we've learned twice in the 1st week—it's awesome! I used part of the approach to craft a lesson I taught at an Orphanage we minister at once a month as a youth group. I also got to use Life, Us, God, Jesus . . . (I've not made it to Faith & Response in our conversation yet) with a lost teen I meet with. Thanks for sharing the simple yet profound tool that XEE is. Sharing the gospel has never been this simple to me, so thanks!"
